\$184.00 - \$245.00 Price range: \$184.00 through \$245.00

SKU: A11503200-H

PRODUCT DESCRIPTION

PURPOSE & BENEFITS

The Adjusta Wedge for Body and **Back Support** is a great choice for those seeking comfort management whilst sleeping, in rehabilitation or on bed rest. This product helps elevate your body through its two-part construction and can also be repositioned between 15 degrees and 75 degrees to provide optimum support.

The Adjusta Wedge can help you:

- Reduce coughing and help drain mucus from the throat to ease symptoms of colds, congestion and post nasal drainage.
- Reduce symptoms of GERD (Gastroesophageal Reflux Disease), Barrett's Oesophagus, Hiatus Hernia, Acid Reflux or Gastric Reflux.
- Assists with breathing difficulties, with those that suffer CHF (Congestive Heart Failure) and other cognitive conditions.
- Can help with snoring and mild sleep apnoea.
- Relieve respiratory discomfort and ease breathing problems due to emphysema, asthma, chest congestion, bronchial, GERD and reflux.
- Alleviate lower back pain through pressure care.

The Adjusta Wedge can also be used with the Knee Relaxer for Back Support, which is designed to release pressure on the legs by lifting the knees into a 'zero-gravity' like position. Both products can be used together or on their own to target areas needing the most support.

FEATURES

- Allows you to sleep and rest in an elevated position at any angle between 15 degrees and 75 degrees.
- Readily movable, easy to pack away and simple to use.
- Perfect for reading, relaxing, television and recovery from illness or surgery.
- 100% Australian Made.
- Provides good support for head and neck.
- Adjusts up or down as required.
- Can be used in conjunction with the Knee Relaxer for a total zero gravity feel.
- Suitable for use with any contour pillow or neck support.
- Relieves uncomfortable back pain and neck stress when lying flat in bed.
- Supports your body in recommended rest position.
- Adjusta Wedge will keep you elevated and help increase your blood circulation.
- Will reduce acid reflux and help manage GERD while sleeping.

TWO COVER OPTIONS AVAILABLE

- Quilted Fabric: Attractive, soft, durable and washable polyester fabric.
- SteriPlus Fabric: Moisture and bacteria resistant, features a convenient zip for easy removal, and can be wiped down with a cloth or removed and put in the washing machine.
