

ADJUSTABLE FINGER SPLINT

SKU: PA-10321-H

PRODUCT DESCRIPTION

Purpose & Benefits of Rehacare Adjustable Finger Splint

The Rehacare Adjustable Finger Splint is designed to provide support and stabilization for injured or painful fingers. This splint is particularly beneficial for individuals recovering from fractures, dislocations, sprains, or those dealing with tendon injuries and conditions such as trigger finger or mallet finger. By immobilizing the affected finger, the splint helps to prevent further injury and aids in the proper alignment and healing of the finger, while still allowing some mobility of the hand for daily activities.

Features

- **Adjustable Design**: Features adjustable straps that allow for a custom fit, accommodating different finger sizes and swelling that may occur during the recovery process.
- **Durable Construction**: Made from high-quality, sturdy materials that provide adequate support while remaining comfortable for long-term wear.
- **Padded Interior**: Includes a soft, padded lining that reduces friction against the skin, preventing irritation and enhancing comfort.
- **Ease of Use**: The splint is designed for easy application and removal, which can be done single-handedly, making it convenient for patients with limited dexterity.
- **Versatility**: Suitable for use on any finger, including the thumb, and can be adjusted to fit both the left and right hands.

Specifications

- **Material**: Lightweight yet durable materials, typically featuring a combination of rigid external components and soft internal padding.

- **Size**:
  - Size 1 - 2.25 Inches or Less
  - Size 2 - 2.25 to 2.5 Inches
  - Size 3 - 2.5 to 2.75 Inches
  - Size 4 - 2.75 to 3.0 Inches
  - Size 5 - 3.0 to 3.25 Inches
  - Size 6 - 3.25 to 3.5 Inches
- **Care Instructions**: Easy to clean with a damp cloth; the materials are chosen to ensure durability and hygiene.
