PRODUCT DESCRIPTION

PURPOSE & BENEFITS

The **Airgo Comfort-Plus Cane with Mini Quad Tip** combines superior comfort, adjustability, and stability in one sleek design. Ideal for users who want the support of a quad cane without the bulk, it features a lightweight MiniQuad tip that keeps the cane upright and stable. The ergonomic cushion-top handle reduces strain and impact, ensuring a comfortable and secure grip for everyday mobility.

FEATURES

- MiniQuad tip provides the stability of a quad base in a compact, lightweight design
- 54% lighter and 80% more compact than traditional large-base quad canes
- Self-centring tip design enhances balance and keeps the cane upright when not in use
- Ergonomic Comfort-grip handle with cushion-top reduces hand fatigue and shock impact
- Rubber surrounds on the handle allow the cane to rest securely against walls or tables
- 12 height adjustment settings offer 20% greater range for optimal fit and comfort
- Durable, sleek black finish for a stylish and professional look
