

ALIVIO MICHELANGELO RECLINER LIFT CHAIR

SKU: KA55-H

PRODUCT DESCRIPTION

PURPOSE & BENEFITS OF ALIVIO MICHELANGELO RECLINER LIFT CHAIR

The Alivio Michelangelo Recliner Lift Chair offers the peak of position customisation. With four motors, the Michelangelo gives independent adjustment of the headrest, lumbar, back, and footrest areas. The hand control has soft grip buttons and allows for 6 pre-defined positions, allowing you to rise to a full standing position or a full recline, all with the touch of a button.

The Alivio Michelangelo Recliner Lift Chair also features a power headrest and power lumbar support. The individually adjustable head support allows you to lift or lower the position of the headrest even when the backrest is fully reclined providing a higher level of adjustment for your neck and back. Individually adjustable lumbar support can assist in maintaining proper sitting posture and relieving tension on the spine to prevent pain or discomfort due to poor posture, arthritis or existing back problems. With the dual lift system, it allows you to individually adjust the backrest and the footrest for the position that best fits your clinical needs.

FEATURES

- **Power Lift and Recline Mechanism**: Smooth and quiet operation allows for effortless adjustment to any position, from fully reclined to a gentle lift that aids in standing up.
- **Luxurious Upholstery**: Wrapped in high-quality, soft fabric that is both durable and easy to clean, ensuring long-lasting comfort and appeal.
- **Ergonomic Design**: Thoughtfully designed with user comfort in mind, featuring plush padding, a supportive backrest, and a spacious seating area.
- **Built-in Remote Control**: Conveniently located and easy-to-use remote for adjusting the chair’s positions and activating the lift function without any strain.

- **Safety Features**: Equipped with emergency battery backup and anti-tipping design, ensuring users can safely enjoy the chair's full range of features even during a power outage.
- **Multiple Reclining Positions**: Allows users to find their perfect comfort spot for reading, watching TV, or taking a restful nap.

EASY TO USE HAND CONTROL
