

ALPHACARE CHAIR

SKU: ALPHA14-01

PRODUCT DESCRIPTION

Purpose & Benefits

The Alphacare Chair is a versatile, high-comfort day chair designed for individuals requiring postural support, pressure care, and adjustability throughout the day. With a fully adjustable backrest, seat tilt, and leg rest, it helps users maintain an optimal sitting position—promoting circulation, reducing pressure risk, and enhancing comfort during extended use.

Built with ergonomics in mind, the chair is equipped with a contoured foam seat and backrest, smooth-rolling castors, and removable armrests to support mobility and care routines. Whether in a home, hospital, or aged care setting, the Alphacare Chair is a smart choice for users with complex seating needs.

Features

- Adjustable seat tilt, backrest recline, and leg elevation
- Contoured pressure-relief foam seat and backrest
- Swing-away, removable armrests for side transfers
- Ergonomic design to support long-term sitting comfort
- Smooth-rolling castors with locking brakes
- Padded headrest for added support

- Suitable for aged care, hospital, and home care environments
- Easy-to-clean, medical-grade upholstery
