

ARJO HAMMOCK AMPUTEE SLING

SKU: MLA7000-H

PRODUCT DESCRIPTION

PURPOSE & BENEFITS

The Hammock Amputee Sling is suitable for most residents/patients, it is particularly suitable for lifting with the leg sections overlapped under both legs for single or double amputees, or to provide individual leg support for residents/patients who are particularly sensitive to pressure. The Hammock Amputee Sling provides good comfort and support for a range of everyday resident/patient handling routines, such as bed and chair-related transfers. The Hammock Amputee Sling has head support. Selection is determined by careful assessment of the resident's/patient’s head and trunk stability.
