

IMAK ARM SLING UNIVERSAL

SKU: RS-A30140-H

PRODUCT DESCRIPTION

Purpose & Benefits of IMAK Arm Sling Universal

The IMAK Arm Sling Universal is designed to provide optimal support and comfort for individuals recovering from arm or shoulder injuries, including fractures, dislocations, or post-surgical care. This arm sling helps stabilize the arm and reduce movement, promoting proper healing by keeping the arm securely in place against the body. Its universal design fits a wide range of body sizes and shapes, making it an essential recovery tool for both adults and children. The ergonomic support reduces fatigue and discomfort in the neck and shoulder, easing the strain associated with prolonged use of traditional slings.

Features

- **Ergonomic Design**: Ensures balanced weight distribution to relieve pressure on the neck and shoulder, making it comfortable for extended wear.
- **Adjustable Strap**: Features an easily adjustable strap that allows for a custom fit and can be modified as swelling decreases or healing progresses.
- **Soft, Breathable Material**: Made from a soft, breathable cotton blend that keeps the skin cool and comfortable, preventing irritation and heat build-up.
- **Padded Shoulder Strap**: Includes a padded shoulder strap to enhance comfort, reducing the risk of strain and discomfort during recovery.
- **Easy to Use**: Simple design that makes it easy to put on and remove with one hand, accommodating users with limited mobility.
- **Universal Fit**: Suitable for both left and right arms and can be adjusted to fit most adults and children.

Specifications

- **Material**: Soft, breathable cotton blend for maximum comfort
- **Size**: One size fits most, with adjustable features to accommodate different body sizes
- **Care Instructions**: Machine washable, allowing for easy maintenance and ensuring hygiene
