PRODUCT DESCRIPTION

Purpose & Benefits of the Aspire 460mm Weight Bearing Platform Shower Commode

The Aspire 460mm Weight Bearing Platform Shower Commode is designed to assist individuals with reduced mobility in safely managing their hygiene needs in a shower or wet environment. This shower commode provides a secure and comfortable platform that supports weight-bearing users, particularly valuable for those with limited ability to stand or walk. It combines the functionality of a shower seat and a commode, enhancing independence and safety in the bathroom.

Features

- **Sturdy Construction:** Built with high-quality, corrosion-resistant materials suitable for use in wet environments, ensuring durability and long-term use.
- **Weight Bearing Capacity:** Engineered to support users safely, with a robust frame that accommodates higher weight capacities.
- **Comfortable Seating:** Features a padded seat with a cutout, which can be used over a standard toilet or with an included collection pan for versatility in use.
- **Adjustable Height:** Equipped with adjustable legs, allowing the seat height to be customised to the user's needs, facilitating transfers and use.
- **Swing-Away Armrests:** Provides added convenience for transfers and adjustments, with armrests that can swing away or be removed as needed.
- **Lockable Casters:** Comes with lockable casters to secure the commode in place during use, providing stability and safety.
- **Seat, pan, and pan carrier not included - sold separately**

Specifications

- **Material:** Durable materials such as stainless steel or coated aluminium, resistant to rust and corrosion, suitable for humid bathroom conditions.
- **Dimensions:** Standard seat width 460mm, designed to comfortably accommodate various users.
- **Care Instructions:** Easy to clean with non-abrasive cleaners; regular maintenance ensures hygiene and longevity of the product.
- **Safe Working Load:** 200kg

The Aspire 460mm Weight Bearing Platform Shower Commode is an essential aid for those with mobility challenges, offering a safe and adaptable solution for managing personal hygiene. Its design emphasizes comfort, safety, and durability, making it a valuable addition to the healthcare equipment of individuals or facilities catering to diverse needs.
