## PRODUCT DESCRIPTION

### Purpose & Benefits of Aspire 530 mm Swing Away Footrest Shower Commode

The Aspire 530 mm Swing Away Footrest Shower Commode is designed to provide optimal support and convenience for individuals with limited mobility, particularly in shower environments or when using the toilet. This model features a wider seat width of 530 mm, accommodating users who need more space for comfort and ease of use. The swing-away footrests enhance functionality, allowing for easy transfers and better access.

### Features

- **Swing Away Footrests:** These footrests can be easily swung out of the way during transfers or removed altogether, facilitating accessibility and reducing the risk of tripping or injury.
- **Wide Seat Design:** The 530 mm wide seat provides ample space, offering comfort and support for larger users or those who require additional room.
- **Durable Construction:** Made from corrosion-resistant materials, this commode is designed to withstand the humid conditions of shower environments, ensuring longevity and safety.
- **Lockable Casters:** Equipped with lockable casters that secure the commode in place during use, providing stability and preventing unwanted movement.
- **Comfortable Padding:** Includes a padded seat and backrest, enhancing comfort during prolonged use, which is particularly important for users with sensitive skin or mobility issues.

### Specifications

- **Material:** Constructed from high-quality, waterproof materials such as stainless steel or coated aluminium, known for their durability and resistance to corrosion.
- **Size:** Offers a seat width of 530 mm, suitable for users needing extra space.

- **Safe Working Load:** 200 kg
- **Care Instructions:** Easy to maintain and clean, requiring only regular wiping with non-abrasive cleaners to ensure hygienic conditions.
- **[Seat](#), [pan](#), and pan carrier not included - sold separately**

The Aspire 530 mm Swing Away Footrest Shower Commode is an excellent choice for healthcare facilities and home settings, providing enhanced accessibility and comfort for users with mobility challenges. Its thoughtful design elements like the swing-away footrests and wide seat ensure that it meets the needs of diverse user populations, promoting independence and improving quality of life.
