\$1,127.85

SKU: 15878010-20-H

PRODUCT DESCRIPTION

Purpose & Benefits

The **ATMOS Ultra-Lite Self-Propel Wheelchair** combines lightweight design and high performance, weighing only 8kg for easy transport and storage. Crash-tested to 136kg, it delivers durability, safety, and comfort with an ergonomic frame, cushioned seating, and user-friendly portability features—ideal for short trips and everyday mobility support.

Features

- Ultra-light frame weighing only 8kg, one of the lightest in its class
- Crash tested to 136kg for maximum safety and reliability
- Reinforced frame design enhances durability and strength
- Compact folding frame and collapsible backrest for easy transport
- Pressure-relieving cushioned seat for posture support and comfort
- Removable and washable seat and backrest cushions
- Dual braking system with push-to-lock and user brakes

- Removable anti-tip wheels and swing-away leg rests for safe transfers
- Ergonomic comfort hand grips with integrated storage pockets
