**SKU:** 1001028-H

## **PRODUCT DESCRIPTION**

### **PURPOSE AND BENEFITS**

The Hoist mat surface is ultra clear and made from twice-extruded heavy duty PVC, designed for mechanical hoists, walkers and heavy load bearing. The Hoist mat is secured to the floor with rounded grippers or an adhesive backing.

The Hoist mat creates a strong flat stable surface on top of a carpeted floor that enables you to place a mechanical hoist on top and to safely lift patients in and out of hospital beds.

### **FEATURES**

- The Hoist mat is for bed ridden patients who depend on a hoist to get out of bed or a machine to assist them with walking.
- A smooth clear heavy duty PVC surface with rounded grippers or an adhesive backing on the underside, creates a strong and stable flooring base with the load bearing capacity to support a hoist carrying the weight of a patient.
- Ideal for hospitals, aged care, and patients private rooms.
