

BATHMASTER DELTIS BATH LIFT

SKU: PAT-091324169

PRODUCT DESCRIPTION

Purpose & Benefits of Bathmaster Deltis Bath Lift

The Bathmaster Deltis Bath Lift is designed to provide a safe and comfortable bathing experience for individuals with mobility limitations, allowing them to easily lower themselves into and out of the bathtub with minimal assistance. This innovative bath lift offers several features that promote convenience, independence, and relaxation during bathing.

Features

- **Powered Lifting Mechanism**: Utilises a rechargeable battery-powered lifting mechanism to smoothly lower and raise the user in and out of the bathtub, eliminating the need for manual lifting or assistance from caregivers.
- **Compact and Lightweight Design**: Features a compact and lightweight design that makes it easy to transport and store when not in use, ideal for users with limited bathroom space or for travel.
- **Comfortable Seat and Backrest**: Equipped with a comfortable seat and supportive backrest that provide stability and comfort during bathing, reducing strain on the user's body.
- **Adjustable Recline**: Offers adjustable recline positions to accommodate individual comfort preferences and provide optimal support while bathing.

- **Waterproof Construction**: Made from waterproof materials that are resistant to moisture and corrosion, ensuring durability and longevity in wet environments.
- **Easy-to-Use Hand Controller**: Includes a simple-to-operate hand controller with large, ergonomic buttons that allow users to control the lifting and reclining functions with ease.
- **Safety Features**: Incorporates safety features such as a low battery indicator, emergency stop button, and stability locking mechanism to ensure safe and secure operation during bath transfers.
