PRODUCT DESCRIPTION

PURPOSE & BENEFITS

The **Bellman Visit Safe Pack** is a complete home fire safety solution designed to protect individuals who are deaf or hard of hearing. It combines a smoke detector with an alarm clock receiver that alerts you through loud sound, bright flashes, and powerful vibrations. Providing early warnings in the event of smoke or fire, it ensures you and your loved ones remain safe and informed at all times.

FEATURES

- Complete ready-to-use fire safety system – includes smoke detector and alarm clock receiver
- Provides clear alerts using sound, flashing light, and vibration
- Detects smoke and smouldering fires early for maximum safety
- Ideal for users with hearing loss who may not hear standard alarms
- Wireless connection between components for easy installation
- Ensures peace of mind for users, families, and caregivers

SPECIFICATIONS

- **Alert Type:** Audible alarm, flashing lights, vibrating bed shaker (depending on model)
- **Components:** Bellman Visit Photoelectric Smoke Detector and Alarm Clock Receiver
- **Power Supply:** Smoke detector – 9V battery / Alarm clock – mains powered with battery backup
- **Coverage:** Typical home range with reliable wireless communication
- **Use:** Suitable for home fire safety and hearing-impaired users
