

**BETTERLIVING SELF HELP POLE, SUITS  
COMMUNITY BED AND AVALON ROTATING BED****\$160.00****SKU: BE7003****PRODUCT DESCRIPTION****Purpose & Benefits**

This self help pole is designed to increase patient independence by providing a stable support handle for repositioning or sitting up in bed. It's ideal for those with reduced mobility or recovering from surgery, and is compatible with both the BetterLiving Community Bed and the Avalon Rotating Bed.

The pole features a sturdy, powder-coated steel frame with an adjustable nylon strap and ergonomically shaped triangle handle. It attaches securely to the bed frame, giving users a safe, easy-to-grip assist for movement without needing caregiver help.

**Features**

- Compatible with BetterLiving Community Bed and Avalon Rotating Bed
- Supports safe, independent repositioning
- Triangular ergonomic handle
- Adjustable strap for user comfort
- Durable powder-coated steel construction
- Secure, frame-mounted attachment

- Ideal for aged care, hospitals, and home care
