

BROLLY SHEETS ABSORBENT UNDERWEAR - MEN'S

SKU: BROLLYM-H

PRODUCT DESCRIPTION

Purpose & Benefits

The **Brolly Sheets Absorbent Underwear - Men's** is a reusable incontinence undergarment designed for men managing light, moderate, or heavy bladder leakage. Available in Light (holds up to 100ml), Moderate (holds up to 200ml), and Ultra (holds up to 300ml) absorbency, these trunks combine comfort, discretion, and dependable waterproof protection for daily wear. The outer fabric is soft and breathable, while the multi-layer absorbent internal gusset features a fast-wicking inner layer that draws moisture away from the skin, three absorbent microfibre layers, and a waterproof barrier to help prevent leaks. The extended absorbent zone offers extra coverage without adding bulk. A wide elastic waistband with a plush inner finish provides comfort without digging in, and the no side seam design reduces friction and irritation. Each pair is fully washable and reusable, making them a practical option for daily use, post-void drips, or light bladder leaks.

Features

- Available in Light (100ml), Moderate (200ml), and Ultra (300ml) absorbency
- Multi-layer absorbent internal gusset with fast-wicking inner layer
- Waterproof barrier helps prevent leaks
- Extended absorbent zone for extra coverage without added bulk
