SKU: BROLLYMF-H

PRODUCT DESCRIPTION

Purpose & Benefits

The **Brolly Sheets Absorbent Underwear - Women's Midi Brief** is a reusable incontinence undergarment designed for women experiencing light or moderate bladder leakage. Available in Light (holds up to 100ml) and Moderate (holds up to 150ml) absorbency, the midi brief cut offers secure coverage without feeling restrictive, making it suitable for daily wear. The centre panel features a fast-wicking inner layer that draws moisture away from the skin, multiple absorbent layers to hold liquid, and a waterproof barrier to help prevent leaks. The absorbent panel extends through the front and back up to the waistband for added protection where it is needed most. A soft elastic waistband with a scalloped edge sits comfortably against the skin, while smooth leg bindings reduce rubbing and irritation. The soft cotton elastane outer gives the garment the look and feel of everyday underwear. Each pair is fully washable and reusable, providing a practical alternative to disposable pads.
