

## **BYACRE CARBON FIBRE ULTRALIGHT CANE HOLDER**

**\$77.00**

**SKU: 20101-H**

### **PRODUCT DESCRIPTION**

An easy-to-use cane holder to hold your cane in place while walking with your Carbon Ultralight.

- 3D printed in a dynamic design to match the design and shapes of the rollator
- Easy to use simply put your cane into the bottom part of the cane holder and click it into the clip on the seat frame
- Drain at the bottom so that dirt and water are not collected
- Easy to attach and detach you simply click on a clip on the seat frame and push the bottom part onto the rollator frame
- Left and right version available.

This product is for the [byACRE Ultralight](#) and [byACRE Carbon Overland](#)
