PRODUCT DESCRIPTION

To keep your rollator protected during travels we've designed this travel bag. It's a must-have for all adventurers.

- Keeps your rollator safe and scratch free during travels
- Custom made for the Carbon Overland's dynamic design, to keep it protected in all the right places
- Sturdy material, perfect for every situation
- Dual strap system with both carry-handle and an adjustable shoulder strap
- With our travel bag for the Carbon Overland rollator, you will be able to travel and go on adventures elegantly while keeping your rollator safe and scratch free.

This bag is custom made for the Carbon Overland's dynamic design, making it a perfect fit and protected in all the right places. With a protection pad between the wheels, even the front forks are protected from scratches during transport.

The sturdy material keeps the bag looking great even after multiple and the sporty black material is practical and stylish. To make sure the rollator is fully protected on the inside as well, the bag is padded and lined with an elegant and soft lining.

The dual straps system, with both a carry-handle and an adjustable shoulder strap, makes sure that you can carry the bag no matter the situation.

This product is for the [byACRE Overland](#).
