

CAREQUIP MOBILE IV POLE

\$210.00

SKU: GB0010

PRODUCT DESCRIPTION

Purpose & Benefits

The CareQuip Mobile IV Pole provides a practical and dependable solution for medical settings where fluid administration needs to be efficient and mobile. Designed with user convenience in mind, this pole features a stable base and smooth-rolling castors that allow effortless movement between rooms or patient bedsides.

With adjustable height and twin hooks, it accommodates a range of IV bags securely and is ideal for use in clinics, hospitals, or at home. Its durable construction ensures long-lasting performance while offering the flexibility to support diverse patient care needs.

Keep patients comfortable and monitored without needing to move large equipment

Easily relocate the pole thanks to its four smooth-glide castors

Designed for stable performance, even during frequent repositioning

Ideal for home care, aged care, and clinical use
