

## **BARD CATHETER FLIP FLO VALVE**

**\$16.00**

**SKU: 13100010**

### **PRODUCT DESCRIPTION**

The Flip Flo Valve offers you an alternative to using urinary drainage bags. With the valve closed, your bladder continues to store urine and can be emptied intermittently by releasing the Flip-Flo.

The flip Flo catheter valve is like a tap device, which fits into the end of your drainage bag and offers an alternative to storing urine. The bladder continues to store fluid for intermittent emptying helping maintain normal function.

Buy the Catheter Flip Flo Valve by BARD online at MediMart using Afterpay or [NDIS method](#) today!
