

COBALT HEALTH BARIATRIC AIR PRESSURE CARE CHAIR

\$2,955.00

SKU: C01-BARIATRIC-BLU

PRODUCT DESCRIPTION

Purpose & Benefits

The Cobalt Health Air Chair Bariatric is purpose-built to deliver exceptional comfort, support, and mobility assistance for larger individuals requiring extended seated care. It features a reinforced frame, a wider seat, and increased structural stability—while still offering the pressure relief and postural support benefits of the standard Air Chair range.

With tilt-in-space and recline functionality, this chair promotes improved circulation and comfort for long-term use. Carers benefit from its smooth-rolling castors and ergonomic adjustments, while users enjoy superior seating support with padded cushions, headrest, and footrest. Ideal for bariatric care in hospitals, aged care facilities, or home environments.

Features

- Reinforced bariatric design for larger users
- Tilt-in-space and reclining seat functionality
- Pressure-relieving foam in seat and backrest
- Wide, high-back design with lateral support
- Swing-away padded footrest with height adjustment

- Padded armrests and removable headrest
- Smooth manoeuvrability with locking castors
- Optional meal tray available
- Suitable for hospital, aged care, and home care use
