

COBALT HEALTH SLIMLINE AIR PRESSURE CARE CHAIR

\$2,300.00

SKU: C01-SLIMLINE-BLU

PRODUCT DESCRIPTION

Purpose & Benefits

The Cobalt Health Air Chair Slimline offers the same therapeutic support and pressure care benefits as the Classic model, but in a narrower frame—perfect for smaller users or tighter clinical spaces. Designed to maximise comfort and safety, this chair includes tilt-in-space functionality, reclining backrest, and pressure-relieving foam to support long-term seated care.

With smooth-rolling castors, lockable wheels, and a lightweight frame, it's ideal for both residential and professional care environments. Adjustable components allow for tailored positioning, while included headrest and footrest pads offer additional comfort and support during extended use.

Features

- Slimline frame for compact spaces and smaller users
- Tilt-in-space and recline functionality
- Padded lateral supports and high backrest
- Pressure-relieving seat and backrest foam
- Height-adjustable footrest with removable pads

- Lockable castors for safe positioning
- Lightweight and easy to manoeuvre
- Ideal for hospitals, aged care, or home use
- Includes headrest and footrest pads
- Optional meal tray available
