

CONNI ABSORBENT ANTI SLIP FLOOR MAT - MARATHON RUNNER

\$347.48

SKU: 99-090300-00-1-H

PRODUCT DESCRIPTION

PURPOSE & BENEFITS

The Conni Absorbent Anti-Slip Floor Mat, specifically the Marathon Runner edition, is designed to offer a secure and absorbent solution for flooring in areas where spills might occur or where additional stability underfoot is necessary.

Designed to sit firm and flat on the floor to help prevent trips and slips in areas where liquid might be spilt. The marathon runner is an excellent addition beside a bath, on the floor in front of sinks in bathrooms, kitchens and laundries, at the entrance into the home and anywhere fluid may be present.

Conni floor mats are extremely low profile and remain firm and flat on the floor reducing the risk of slips, trips and falls.

FEATURES

- **High Absorbency:** The mat's surface is designed to quickly absorb and contain liquids, making it ideal for use in environments where spills are common, such as kitchens, bathrooms, and entryways.
- **Anti-Slip Backing:** Equipped with a non-slip base to ensure the mat stays firmly in place, reducing the risk of slips and falls.
- **Odour Control:** The materials used for the mat are typically treated to minimize odours, maintaining a fresher environment.
- **Soft Surface:** The mat's top layer is soft to the touch, providing comfort underfoot and making it a pleasant surface to stand on.
- **Long Runner Design:** The 'Marathon Runner' implies a longer length, suitable for areas that

require extended coverage.

- **Easy to Clean:** Designed to be machine washable for easy maintenance, ensuring hygiene and longevity.
- **Durable:** Made to withstand frequent use and washing without deteriorating in quality.
- **Aesthetic Appeal:** Available in a range of colours and designs to match different interiors.

The Conni Absorbent Anti-Slip Floor Mat, Marathon Runner, is an excellent choice for both commercial and residential settings where safety and cleanliness are top priorities. Its combination of absorbency, anti-slip features, and ease of cleaning make it a functional and practical addition to any space requiring extra protection against moisture and slips.
