Purpose & Benefits of Homecraft Crutch Tips for Underarm Crutches - 2 Pack

Homecraft Crutch Tips are essential accessories designed to enhance the safety and usability of underarm crutches. These tips provide increased traction and stability, helping to prevent slips and falls while using crutches. They are ideal for anyone who relies on underarm crutches for mobility assistance, including individuals recovering from injuries, those with chronic conditions, or the elderly.

Features

- **Enhanced Grip:** Made from high-quality rubber that offers excellent traction on various surfaces, reducing the risk of slipping and providing a safer walking experience.
- **Shock Absorption:** The tips feature a thick rubber construction that helps absorb the impact while walking, reducing stress on the user's arms and shoulders.
- **Durability:** Constructed to withstand frequent use, these crutch tips are durable and resistant to wear, ensuring long-lasting performance.
- **Easy to Fit:** Designed to be easily attached to the bottom of standard underarm crutches, providing a secure fit without the need for additional tools.
- **Universal Compatibility:** The tips are made to fit most standard sizes of underarm crutches, making them a versatile choice for various users.

Specifications

- **Material:** High-quality rubber that is both durable and flexible.
- **Size:** 22mm
- **Packaging:** Sold in packs of two to ensure both crutches can be equipped with new tips at the

same time.

- **Weight:** 10g

Homecraft Crutch Tips are a simple yet effective upgrade for any set of underarm crutches, significantly enhancing the user's stability and comfort. They are an excellent choice for individuals looking to improve the safety and lifespan of their mobility aids.
