\$349.00

SKU: CUB-JR2

PRODUCT DESCRIPTION

Purpose & Benefits

The **Cubii JR2 - Aqua** is a compact seated elliptical trainer that helps you stay active while sitting at home or in the office. Its whisper-quiet, low-impact motion makes it ideal for boosting circulation, strengthening muscles, and burning calories without putting stress on the joints. Portable and easy to use, it fits comfortably under most desks or in front of chairs, supporting movement as part of your daily routine.

Features

- 8 levels of smooth magnetic resistance to customise workout intensity
- Whisper-quiet operation for use during work, reading, or watching TV
- LCD display tracks strides, time, distance, and calories burned
- Lightweight and portable design with built-in carry handle
- Attractive aqua finish that suits both home and professional spaces
