

## CUBII MOVE - EXERCISE MACHINE

**\$299.00**

**SKU: CU-MOVE**

## PRODUCT DESCRIPTION

### Purpose & Benefits

The **Cubii Move** is a compact under-desk elliptical machine that lets you exercise while you sit at home or in the office. It offers a space-saving design, whisper-quiet operation, low-impact motion to support joint mobility, and a built-in LCD monitor so you can track your stride count, mileage, duration and calories – helping you stay active throughout your day without interruption.

### Features

- Six increasing levels of resistance to adjust workout intensity.
- Low-impact elliptical motion built to reduce stress on joints while improving mobility.
- Lightweight, portable construction (glass-filled nylon) for moving between rooms.
- Built-in LCD display to monitor stride count, mileage, duration and calories.
- Access to over 300 guided workout classes and progress tracking via the Cubii app.
