

CURA1 FALL PREVENTION CHAIR PAD KIT

\$388.00

SKU: CURA CHAIR PAD KIT

PRODUCT DESCRIPTION

The Cura1 Fall Prevention Chair Pad Kit is an effective solution for monitoring fall risks in both home care and medical settings. With wireless detection and fast alerts, this kit helps caregivers respond quickly, reducing the likelihood of falls and enhancing patient safety.

Key Features:

- **Cura LED Pager:** Provides instant alerts to caregivers when a fall or movement is detected.
- **Cura ActiveCare Pager Soft Cover:** Adds durability and comfort to the pager for regular use.
- **SnapOn Pad Transmitter:** Wirelessly connects detection pads to the pager, ensuring seamless monitoring.
- **SnapOn Chair Pad (380 x 175):** Detects when an individual rises from a chair, triggering alerts to prevent potential falls.
