PRODUCT DESCRIPTION

The Cura1 Fall Prevention Floor Mat Kit provides a comprehensive solution for detecting and preventing falls, making it ideal for both home care and healthcare settings. With floor-based detection and wireless transmission, this kit ensures quick response times and enhanced safety for individuals at risk of falls.

This kit includes:

- **Cura LED Pager:** Alerts caregivers to emergencies and fall detections instantly.
- **Cura ActiveCare Pager Soft Cover:** Protects the pager for long-lasting use and adds comfort for everyday handling.
- **Cura Universal Dual Fold Floor Mat:** Detects pressure when stepped on, triggering immediate alerts to prevent falls.
- **Cura Universal Cordless Pad Transmitter:** Wirelessly transmits signals from the floor mat to the pager, ensuring reliable monitoring without the hassle of cords.
