

CURA1 FALL PREVENTION IBEAM KIT

\$541.00

SKU: CURA iBEAM KIT

PRODUCT DESCRIPTION

The Cura1 Fall Prevention iBEAM Kit offers an advanced solution for monitoring and preventing falls, providing accurate detection and timely alerts. This kit is ideal for home or healthcare environments, ensuring that caregivers can respond quickly to any incidents, enhancing the safety of individuals at risk.

Key Features:

- **Cura LED Pager:** Receives immediate alerts, keeping caregivers informed of any falls or emergencies.
- **Cura ActiveCare Pager Soft Cover:** Protects the pager from wear and tear, ensuring comfort and durability during daily use.
- **Cura Ibeam:** Utilises infrared beam technology to monitor and detect movement, ideal for fall prevention in doorways or other key areas.
