## **PRODUCT DESCRIPTION**

### **Purpose & Benefits**

The **Days Seat Walker** in vibrant red delivers smooth mobility, dependable braking, and ergonomic seating, all packed into a compact, foldable design. The compression-style “push-down” brakes ensure secure stopping with minimal effort for users who prefer simplicity, while soft rubber handgrips help maintain cleanliness. A gently curved backrest supports the spine and enhances comfort when seated, making it ideal for indoor use, quick rests, or navigating tight spaces. With a strong 100 kg safe working load, it blends stability and comfort for daily use.

### **Features**

- Compression push-down brakes offer secure stopping and quick release
- Soft rubber handgrips ensure easy cleaning and added hygiene
- Curved padded backrest for enhanced comfort when seated
- Lightweight aluminium frame folds easily for storage or travel
- Cushioned seat enables rest with minimal effort from the user
