PRODUCT DESCRIPTION

Purpose & Benefits

The **Dext Keywing Key Turner 3pk** is designed to make turning keys easier for individuals with reduced hand strength or dexterity. By reducing the force required and offering a larger gripping surface, it promotes independence and simplifies daily tasks for people with arthritis, Parkinson's, or weak hands.

Features

- Requires only half the force of a standard key turn
- Secure, comfortable grip helps prevent fumbling
- Attaches easily with a strong adhesive pad without removing the keyring
- Ideal for individuals with arthritis, Parkinson's, or weak hands
- Bright colours make keys easy to identify
