Purpose & Benefits of Easi-Grip Table Top Nail Clippers

The **Easi-Grip Table Top Nail Clippers** are thoughtfully designed to assist individuals with limited hand strength, dexterity, or reduced fine motor control to trim their nails safely and independently. Featuring a wide, non-slip base with suction cups, the clippers remain stable and secure during use, making them ideal for those with arthritis, tremors, or one-handed use.

With a large, easy-to-press lever and no need for hand-held gripping, the Easi-Grip clippers reduce strain on the fingers and wrists. The upright design allows users to position their hands comfortably, promoting confidence and control while grooming.

Key Features:

- Mounted nail clippers for one-handed use or reduced grip strength
- Large, easy-to-press lever suitable for limited dexterity
- Non-slip suction base keeps clippers stable during use
- Ideal for users with arthritis, joint pain, or neurological conditions
- Compact design suitable for home, aged care, or clinical settings

- Helps maintain personal grooming independence
