### **PRODUCT DESCRIPTION**

## Purpose & Benefits of Energizer Max AA Batteries (2pk)

Energizer Max AA Batteries in a 2-pack are designed to provide reliable and long-lasting power for commonly used devices. These alkaline batteries are ideal for high-drain devices such as digital cameras, flashlights, and portable audio players, as well as everyday items like remote controls and toys. The Energizer Max series is engineered to prevent damaging leaks and to preserve power, making them a dependable choice for both high-tech and standard devices.

#### **Features**

- **Long-Lasting Performance**: Engineered to provide a long-lasting power source for highdemand devices and everyday electronics.
- **Leak-Proof Design**: Constructed with a design that prevents leaks, protecting your valuable devices from damage.
- **Mercury-Free**: These batteries are 100% mercury-free, making them a safer and more environmentally friendly choice.
- **Date-Coded Packaging**: Each battery is date-coded, ensuring you use the freshest batteries for optimal performance.
- **Extended Shelf Life**: Holds power for up to 10 years in storage, ensuring you have reliable batteries when you need them.

# **Specifications**

• Battery Type: AA Alkaline

• **Voltage**: 1.5V

• Package Quantity: 2 batteries per pack

Energizer Max AA Batteries are crafted to provide dependable energy, allowing you to power your essential devices with confidence. Their long shelf life and robust construction make them a practical choice for both immediate use and future needs.
