

ETAC MY-LOO TOP MOUNTED SCREW SET (BLIND FIXING)

\$600.00

SKU: 80301626

PRODUCT DESCRIPTION

Purpose & Benefits

The Etac My-Loo Top Mounted Screw Set is a secure, blind-fitting solution designed for mounting Etac My-Loo fixed toilet seat raisers when access underneath the toilet bowl is restricted or not possible. This makes it ideal for enclosed or wall-mounted toilets where traditional bottom-fix methods cannot be used.

Providing a stable and hygienic installation, the blind fitting kit ensures your My-Loo seat remains safely in place during transfers and daily use. It's quick to install, easy to remove, and built with high-quality, corrosion-resistant components for long-term reliability in home, aged care, or hospital settings.

Features

- Enables **blind (top-mounted)** fitting—no underside access required
- Designed specifically for Etac My-Loo fixed toilet seat raisers
- Provides strong, stable seat attachment
- Ideal for enclosed or wall-mounted toilets
- Includes high-quality rust-resistant components

- Easy installation and removal for temporary or permanent setups
- Suitable for residential, aged care, and clinical environments

Specifications

- Application: Blind/top-mounted installation
- Compatibility: Etac My-Loo fixed-height toilet seat raisers
- Material: Durable, corrosion-resistant hardware
- Included: Screws, bushings, washers for complete mounting
