SKU: 802294-H

PRODUCT DESCRIPTION

PURPOSE AND BENEFITS

Engineered keeping in mind the needs of both caregivers and users, this product addresses the vast array of challenges caregivers encounter daily while ensuring user comfort and safety.

Exclusive Tilt-in-Space Feature - The Swift Mobil Tilt-2 possesses a distinctive tilt mechanism that enhances the user's security and provides an ergonomic position for the caregiver. Its -5° to $+35^{\circ}$ tilt functionality can be controlled from either side of the chair, allowing the caregiver to comfort the user during tilting.

Accessibility and Comfort - Outstanding access around the seat area simplifies personal care routines for the caregiver while maintaining the user's dignity. Extra-soft seat cushions are available for sensitive users. The soft, fast-drying backrest and curved footrests of the Swift Mobil-2 contribute to the user's comfort.

Suitable for a Variety of Users - The shower commode chair is versatile and can be adjusted to accommodate a wide range of user needs and sizes. It supports a generous maximum user weight of 160 kg as a standard feature and offers adjustable seat-to-floor height (50-65 cm). The armrests can be adjusted in terms of both height and width, and the height-adjustable, swing-away footrests are also available in a shorter version.

Etac Swift Mobil Tilt-2 XL for Larger Users - A variant with a broader back frame and leg rest widening adapters is available, offering an extra 6 cm of space between armrests and an additional 12 cm of legroom.

FEATURES

- Seat with rear opening - Ensuring convenient accessibility for the caregiver and comfort for the user. The one-of-a-kind surface, specifically created for Etac, strikes the ideal balance between grip and cleanliness, offering both non-slip attributes and hygienic conditions!
- Adjustable armrests as standard - Effortlessly customizable to meet diverse user requirements. It offers both height and width adjustments, with a range of +/- 6 cm in each direction.
- Unique and safe tilting function - The chair can be controlled from either side, facilitating an ergonomic working posture for the caregiver and providing comfort to the user during the tilting process.
- Multi-adjustable headrest - The headrest is meticulously designed to ensure optimal comfort and versatility. It can be adjusted to accommodate a wide range of user needs, allowing for a personalized and comfortable experience.
