3 Key Features of the F&P Simplus

Easy Frame: Easy to wear,see and sleep. This low-profile frame is stable, durable, small and ensures a clear line of sight. This is a ***One-Frame-Fits-All-Seal-Sizes*** and has an 'Easy-Clip' Frame attachment for effortless assembly after cleaning. The ***Ball & Socket Elbow*** rotates for freedom of movement reducing drag on the tube.

ErgoForm™ Headgear: Stretch and non-stretch panels provide structure and support for optimal usability and performance. This breathable headgear self-locates high on the rear of the head allowing for maximum head movement (side-to-side, up and down) without mask movement.

Velcro Tabs Has ***Easy Clip Hooks*** that enable fast fitting and removal.

RollFit™ Seal: Auto-adjusting to optimize an effective, comfortable seal. The one piece seal ‘rolls’ back and forth on the bridge of the nose. This automatic adjustment minimizes pressure on the bridge of the nose.
