

FIX-A-LOO TOILET SEAT FIXING KIT BLIND

\$21.00

SKU: 18498

PRODUCT DESCRIPTION

Purpose & Benefits

The FIX-A-LOO Toilet Seat Fixing Kit Blind is a convenient, easy-to-use solution for repairing or replacing toilet seat fixings on pans with blind holes—where traditional through-bolt access is not possible. It provides a secure and reliable alternative mounting option for loose or broken toilet seats, helping extend the life of your existing hardware without the need for professional installation.

Perfect for DIY home maintenance or aged care bathroom repairs, this kit is compatible with most standard toilet pans and includes everything required for a fast, no-fuss fix.

Features

- Ideal for fixing toilet seats on pans with blind holes
- No access required from underneath the toilet
- Quick and easy installation
- Suitable for most standard toilet seats and pans
- Includes all necessary fittings
- Rust-resistant components for durability

- Perfect for home, aged care, or facility maintenance
