

HAINES SLIDE SHEET - REUSABLE BLUE SLIDE SHEET

\$20.09 - \$49.23 Price range: \$20.09 through \$49.23

SKU: MT PSB1-H

PRODUCT DESCRIPTION

Purpose & Benefits of Haines Slide Sheet - Reusable Blue Slide Sheet

The **Haines Reusable Blue Slide Sheet** is a premium patient handling aid designed to assist healthcare staff and carers with safe, efficient repositioning and transfers of individuals in bed. Made from high-quality, low-friction material, this slide sheet reduces the physical effort required during manual handling, helping to minimise the risk of injury for both the user and the caregiver.

Ideal for hospitals, aged care facilities, and home care environments, the reusable slide sheet is durable, washable, and suitable for repeated use. It enables smooth lateral transfers, repositioning, and turning with minimal disruption to the patient, supporting both dignity and safety during care procedures.

Key Features

- Low-friction material for smooth and easy patient movement
- Reusable and machine washable for cost-effective use
- Supports safe manual handling and reduces carer strain
- Ideal for turning, repositioning, or lateral transfers in bed
- Lightweight and easy to store or transport

- Suitable for clinical, aged care, and home care environments
- Available in multiple sizes to suit different applications
