

HANDI-MOVE 4-POINT SPREADER BAR

SKU: 2120 00000002-H

PRODUCT DESCRIPTION

Purpose & Benefits

The **Handi-Move 4-Point Spreader Bar** is designed for use with Handi-Move ceiling and mobile lifts, providing stable, safe, and comfortable support during patient transfers. Available in both Standard and Combi versions, this spreader bar system ensures optimal positioning for users with varying needs while maintaining caregiver control and safety. It enables smooth, ergonomic lifting between bed, chair, wheelchair, and bathroom settings.

Features

- Compatible with all Handi-Move ceiling and mobile lift systems
- 4-point design provides balanced and secure support during transfers
- Available in Standard and Combi configurations to suit different sling types and patient needs
- Durable construction designed to handle high weight capacities safely
- Smooth attachment system allows for quick and easy sling connection
- Supports both seated and lying transfer positions

Specifications

Model	Description
Standard Spreader Bar	4-point bar suitable for most Handi-Move slings; provides stable, comfortable transfers.
Combi Spreader Bar	Adaptable 4-point bar compatible with Handi-Move body support systems and slings, allowing combined lifting options.

- **Material:** High-strength steel with protective coating
- **Compatibility:** Fits all Handi-Move ceiling lifts and mobile hoists
- **Lifting Points:** 4-point attachment system for balanced transfers
