

HANDI-MOVE MOBILE HOIST VICTOR 2600

SKU: 2600

PRODUCT DESCRIPTION

Purpose & Benefits of Handi-Move Mobile Hoist Victor 2600

The Handi-Move Mobile Hoist Victor 2600 is an advanced lifting solution designed for individuals with mobility challenges. It provides exceptional support for transfers and positioning, ensuring both the user's comfort and the caregiver's ease of use. This mobile hoist is ideal for use in homes, hospitals, and care facilities, offering a versatile and reliable solution for daily lifting needs.

Features

- **High Weight Capacity:** Designed to lift and transfer individuals safely, accommodating a wide range of weights up to 260 kg.
- **Adjustable Lifting Range:** Offers a broad lifting range, making it suitable for transfers from floor level to high surfaces, such as beds or chairs.
- **Flexible Lifting Options:** Can be used with various slings and accessories, providing tailored support for different transfer scenarios.
- **User-Friendly Controls:** Equipped with intuitive control mechanisms, including a handheld remote, for precise and effortless operation.
- **Robust and Stable Design:** Constructed with durable materials to ensure long-term use and stability during transfers.
- **Easy Manoeuvrability:** Features smooth-rolling casters that allow caregivers to move the hoist effortlessly across different floor types.
- **Emergency Safety Features:** Includes emergency stop and lowering functions to ensure user safety in case of power failure or other issues.
