

HANDI-MOVE MOBILE POOL LIFT

SKU: N/A

PRODUCT DESCRIPTION

Purpose & Benefits of Handi-Move Mobile Pool Lift

The Handi-Move Mobile Pool Lift is designed to provide a safe and efficient solution for transferring individuals with mobility challenges into and out of swimming pools. This lift is ideal for use in personal homes, therapy pools, public swimming facilities, and schools, enhancing accessibility and promoting independence.

Features

- **User-Friendly Operation:** The lift is compact, ergonomically designed, and easily transportable on its four wheels, making it simple to move and position as needed.
- **Sturdy Construction:** Made from durable stainless steel, the lift is robust and reliable, ensuring safety and long-term use.
- **Battery Operated:** Operates on rechargeable batteries, providing a convenient and reliable power source. The waterproof hand control ensures safe operation around water.
- **Emergency Stop Button:** Equipped with an emergency stop button that halts all motion of the lifting arm, enhancing safety during operation.
- **360-Degree Swivel:** The lifting arm has a 360-degree swivel range, allowing flexible and precise positioning of the user over the pool.
- **Easy Setup and Storage:** The lift can be quickly set up by rolling it to a socket at the pool's edge, engaging it, and adjusting the arm height. It is easy to disengage and store away when not in use, ensuring it does not obstruct the pool perimeter.
- **Flexible Use:** Suitable for both independent use and with the assistance of a caregiver, making it versatile for various user needs and settings.

Specifications

- **Safe working load:** 135 kg
- **Batteries:** 2 x 12 Vdc; 8 Ah
