

HANDI-MOVE PORTABLE CEILING HOIST-MULTIPLE TRANSFER LOCATIONS

SKU: 2845

PRODUCT DESCRIPTION

Purpose & Benefits of Handi-Move Portable Ceiling Hoist-multiple transfer locations

The Handi-Move Portable Ceiling Hoist with Tarzan System is designed to offer enhanced mobility and flexibility in lifting and transferring individuals with limited movement. This innovative system allows for smooth and safe transfers across multiple rooms or areas without the need for additional lifting equipment. It is particularly beneficial in settings that require frequent and versatile transfer solutions, such as homes, hospitals, and rehabilitation centres.

Features

- **Portable Motor with Tarzan System:** Combines a lightweight, portable motor with the Tarzan System, which allows for seamless transitions between different rail systems or rooms.
- **Remote Control Operation:** Features a user-friendly remote control for easy operation, providing caregivers and users with control over the lifting process.
- **Quiet and Smooth Operation:** Ensures a quiet and smooth lifting experience, maintaining a peaceful environment.
- **Safety Mechanisms:** Includes emergency lowering and stopping functions to ensure maximum safety during transfers.

- **High Lifting Capacity:** Designed to support a wide range of weights, accommodating various user needs.
- **Compact and Lightweight Design:** The portable and compact design makes it easy to transport and store, eliminating the need for bulky lifting equipment.

Specifications

- **Weight:** 8 kg
- **Safe Working Load:** 182 kg
- **Batteries:** 2 x 12 VDC, 3.2 Ah
- **Charger:** Input 220 V AC, output 24 V DC
- **Number of lifts with full batteries:** 50 lifts with 100 kg over a distance of 50 cm
