

**HEALTHCARE INNOVATIONS AUSTRALIA SHEAR
COMFORT XD1900 ARMREST - BLUE****\$78.00****SKU: XDARM****PRODUCT DESCRIPTION****Purpose & Benefits**

The **XD1900 Armrest Support Protectors** are crafted to enhance comfort and safeguard skin on chair or wheelchair armrests, particularly beneficial for individuals who rely on arm supports to shift body weight or whose chairs lack sufficient padding. Made from high-density medical-grade XD1900 sheep's wool, these protectors mould gently to the arm to relieve pressure, reduce slipping, and mitigate shear forces. Built-in moisture-wicking properties and excellent breathability support skin health and help prevent pressure-related injuries. These armrest protectors offer both practical comfort and valuable protection in everyday sitting scenarios.

Features

- Constructed from high-density XD1900 wool (1,900 g/m²) for superior cushioning
- Gently conforms to arm contours, reducing pressure and preventing slippage
- Establishes a healthy microclimate by wicking moisture and allowing airflow
- Adjustable Velcro straps ensure a stable and secure fit
- Machine washable up to 80 °C; backed by a 50-wash durability guarantee
