SHOWER SANDAL FEATURES

- Requires no bending or stretching to use.
- The sandal is designed with small suction cups on the bottom, allowing it to securely affix to the shower floor. This feature ensures that the sandal stays in place, providing stability and ease of use while scrubbing your feet.
- The Shower sandal is equipped with sturdy and durable scrubbing bristles on the strap and on the sole of the sandal. These bristles effectively remove dirt, dead skin cells, and calluses, leaving your feet feeling refreshed and rejuvenated. They also promote blood circulation and help prevent foot odour.
