PRODUCT DESCRIPTION

Purpose & Benefits of Hemocraft Button Hook and Zip Puller

The Hemocraft Button Hook and Zip Puller is a versatile and essential tool designed to aid individuals with limited hand dexterity, arthritis, or other conditions that make handling small fasteners difficult. This dual-purpose tool combines a button hook on one end and a zip puller on the other, making it easier for users to dress themselves independently without struggling with buttons and zippers.

Features

- **Dual Functionality:** Features a button hook that helps fasten buttons and a hook-like zip puller that simplifies the task of pulling zippers.
- **Ergonomic Design:** The handle is ergonomically shaped to fit comfortably in the hand, providing a secure grip that makes it easy to use even with limited hand strength or mobility.
- **Lightweight and Compact:** Compact and lightweight enough to be carried in a purse or pocket, making it convenient for use both at home and while travelling.
- **Easy to Use:** Designed to require minimal effort, this tool allows users to fasten buttons and zippers with one hand, promoting independence in dressing.
- **Durable Construction:** Made from high-quality materials that ensure durability and long-lasting use.

Specifications

- **Dimensions:** 235mm Length
- **Weight:** 100 Grams

The Hemocraft Button Hook and Zip Puller is a practical tool for those who face challenges with fine

motor skills. It not only facilitates self-dressing, enhancing users' independence but also helps maintain their dignity by enabling them to manage dressing tasks that might otherwise require assistance.
