\$22.00

SKU: PAT-AA5571

PRODUCT DESCRIPTION

Purpose & Benefits of the Homecraft Caring Cutlery Ivory - Fork

The Homecraft Caring Cutlery Ivory Fork is designed to support individuals with limited hand or wrist mobility, offering an ergonomic and comfortable grip for easier eating. Its built-up, non-slip handle makes it easier to hold, particularly for those with arthritis, weak grip, or other hand-related mobility challenges. This lightweight yet durable fork helps promote independence at mealtimes, providing a practical solution for use in home care, rehabilitation, or care facility settings.

Features

- **Ergonomic Non-Slip Handle:** The fork features a built-up, contoured handle that ensures a secure and comfortable grip, allowing users to eat with ease even if they have reduced hand function.
- **Lightweight and Durable:** The fork is made from high-quality materials, offering a lightweight design that's easy to manage while being sturdy enough for everyday use.
- **Ideal for Limited Hand Mobility:** Perfect for individuals with arthritis, weak grip strength, or other conditions affecting hand or wrist function, offering more independence during meals.
- **Dishwasher Safe:** Easy to clean and maintain, the fork is dishwasher safe, making it a convenient option for users and caregivers.
- **Sturdy Construction:** Designed for long-term use, the fork provides reliable performance in both home and care settings.
