**~~\$41.00~~ Original price was: \$41.00. ~~\$33.00~~ Current price is: \$33.00. Sale Available Online Only! While Stocks Last**

**SKU: PAT-AA3938**

## **PRODUCT DESCRIPTION**

### **Purpose & Benefits**

The Inflatable Rubber Ring Cushion is designed to relieve pressure on sensitive areas when sitting for prolonged periods. It's especially beneficial for users recovering from surgery, experiencing hemorrhoids, or dealing with postnatal discomfort. The ring shape helps distribute weight evenly and reduces pressure on the tailbone and lower back.

This lightweight and portable cushion can be inflated to the desired firmness and deflated for easy storage or travel, making it an ideal choice for use at home, in the office, or while travelling.

### **Features**

- Provides pressure relief for coccyx, perineal, and lower back areas
- Inflatable design for adjustable firmness
- Durable rubber construction
- Lightweight and easy to transport
- Ideal for post-surgical, postnatal, or hemorrhoid-related support
- Easy to clean surface
