PRODUCT DESCRIPTION

PURPOSE AND BENEFITS

Long-life re-usable plastic male urinal bottle for use in hospitals, nursing, rehabilitation, elderly care and community care. It has a secure fitting cap to prevent leaks and spills and reduces unpleasant odours and the risk of cross-infection.

KEY FEATURES

- Durable and Easy-to-Clean Construction: Made from high-quality, non-toxic plastic, the urinal bottle ensures durability and longevity. It can withstand repeated use and is resistant to odours, providing a hygienic option for users.
- Leak-Proof Seal: The wide opening and secure screw-on lid create a leak-proof seal, giving users confidence and preventing spills or leaks during use or transportation.
- Ergonomic Design: Specifically tailored to male anatomy, the urinal bottle offers comfort and ease of use. Its shape and size make it comfortable to hold, addressing the unique needs of male users.
- Generous Capacity: With a generous capacity, the urinal bottle reduces the need for frequent emptying, allowing for extended use without inconvenience in various situations.
- Convenient Handle: Equipped with a handle, the urinal bottle ensures easy transportation. Users can carry it with convenience at home or on the go.
- Spill-Resistant Design: The urinal bottle is designed to minimize the risk of accidents or messes. Its spill-resistant design prevents spills during movement or accidental tipping, providing added convenience and reliability.
- Discreet and Compact: The urinal bottle is discreet and compact, facilitating easy use and

storage. It can be discreetly used at home, in hospitals, during travel, or in any situation with limited restroom access.
- Environmental Friendly: Opting for the reusable Homecraft Male Urinal Bottle over single-use disposable urinals contributes to waste reduction and promotes a sustainable lifestyle.
