PRODUCT DESCRIPTION

Purpose & Benefits of Hemocraft Queens Cutlery Set - Retail Pack

The Hemocraft Queens Cutlery Set is specifically designed to assist individuals with limited hand strength or dexterity, such as those suffering from arthritis, Parkinson's disease, or other conditions that affect grip strength. This cutlery set features ergonomically designed handles that are thicker and easier to grasp than standard cutlery, enabling users to eat independently and comfortably.

What's included

- 1 x Knife
- 1 x Fork
- 1 x Spoon
- 1 x Junior Spoon

Features

- **Ergonomic Handles:** The handles are built with a larger diameter and lightweight material, making them easy to grip and maneuver for individuals with limited hand function.
- **Durable Construction:** Made from high-quality stainless steel, the cutlery is durable and designed to withstand daily use while maintaining its appearance.
- **Adaptive Design:** The design of the cutlery makes it easier for users to pick up food and bring it to their mouth, enhancing their dining experience.
- **Dishwasher Safe:** Easy to clean and dishwasher safe, adding convenience for users and caregivers.

Specifications

- **Material:** Handles are often made from polypropylene or similar lightweight material, and the utensil part is stainless steel.
- **Weight:** 45g for each utensil
- **Packaging:** Comes in a retail pack, suitable for gift-giving or personal purchases.

The Homecraft Queens Cutlery Set is an excellent choice for anyone needing adaptive dining tools. This set not only facilitates easier eating but also promotes independence and maintains the dignity of those who may otherwise struggle with standard cutlery.
