

## HEMOCRAFT SHATTERPROOF MUG WITH LID

\$24.00

SKU: PAT-AA5700

## PRODUCT DESCRIPTION

### Purpose & Benefits of Hemocraft Shatterproof Mug With Lid

The Hemocraft Shatterproof Mug with Lid is designed to assist individuals who have difficulty with handling and gripping traditional cups due to conditions like arthritis, tremors, or general weakness. This durable mug is ideal for ensuring that users can enjoy beverages safely and independently without the risk of spills or breakage. The shatterproof design makes it a reliable choice for use in healthcare settings, homes, and senior care facilities.

### Features

- **Shatterproof Construction:** Made from a high-quality, durable plastic that can withstand drops and impacts without shattering, ensuring safety and longevity.
- **Spill-Proof Lid:** Equipped with a securely fitting lid that helps to prevent spills, which is particularly beneficial for users with limited dexterity or those who might shake or tip the mug accidentally.
- **Easy-to-Grip Handle:** Features a large, ergonomically designed handle that accommodates users with reduced grip strength, making it comfortable to hold and use.
- **Lightweight Design:** The mug is lightweight, facilitating easy handling and lifting, even when filled with liquid.
- **Microwave and Dishwasher Safe:** Suitable for heating drinks in the microwave and easy to clean in the dishwasher, adding convenience for users and caregivers.

### Specifications

- **Material:** Polycarbonate
- **Capacity:** 400ml

- **Weight:** 160g
- **Care Instructions:** Easy to maintain; dishwasher safe.

The Homecraft Shatterproof Mug with Lid is an excellent choice for anyone needing a more secure, stable way to enjoy beverages without the fear of spills or breakage. Its thoughtful design focuses on accessibility and safety, making it a vital accessory in environments where durability and ease of use are key considerations.
